INTRODUCTION AND GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories (publishers of the Virginia Beach Directory since 1962), present to subscribers and the general public, this, the 1969 edition of the Virginia Beach City Directory. (In all, the HILL DIRECTORY COMPANY and its affiliated companies publish more than 1,400 city, county, state and national Directories).

Confidence in the growth of Virginia Beach's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Virginia Beach to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Virginia Beach Directory will fulfill its mission as a source of authentic information pertaining to the city.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business section, which embraces a list of the names and addresses of all business and professional concerns of the city, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the city. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified city like Virginia Beach, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Virginia Beach, and the name, official personnel, nature and address of each firm and corporation in the city.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes, the listing of telephone numbers and ZIP Code numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

Municipal Publicity

The Directory reflects the achievements and ambitions of the city, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a port, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Virginia Beach.

The Virginia Beach Out-of-Town City Directory Library

Through the courtesy of the publishers of the Virginia Beach City Directory, a Directory Library is maintained in the offices of the Virginia Beach Chamber of Commerce, for free reference by the general public. This is one of more than 1,000 Directory Libraries installed in cities and towns throughout the United States, Canada and Puerto Rico by members of the Association of North American Directory Publishers.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

HILL DIRECTORY COMPANY,
Publishers.

Features and Departments of a City Directory

Your new, improved City Directory is the most complete and comprehensive catalog ever published of the inhabitants, business concerns and institutions of your city. It is much more than just an alphabetical list of names and addresses.

Your City Directory Contains:

1 An *Alphabetical* list of names and addresses of every resident, business concern and institution, plus wife's name and if a widow the deceased husband's initial, and the occupations of all. Principal officers or owners and a description of businesses are included as well.

2 A *Householders' Directory* including a Street and Avenue Guide. This section lists every street and where intersecting streets appear. It lists numerically every location on each street, naming the householder or business at each number and whether the person is a homeowner or renter and if he has a telephone. Similar information is provided on office and public buildings and their occupants.

3 A *Classified Business Directory* –listing every business, classified as to type, and showing names and addresses. It also lists every profession, club, society and association, hospital and cemetery, labor organization, library, park and playground and school.

4 A *"Yellow Section" or Buyers' Guide,* where the advertiser may explain in greater detail the services or products he has to offer.

5 A *Statistical and Historical Story* of your city; plus miscellaneous other information.

Popular with all ages Virginia Beach is particularly attractive to families.

VIRGINIA BEACH

(Courtesy Virginia Beach News Bureau)

Statistical Review

Virginia Beach, Va.—Virginia Beach, a resort of 2 square miles until its 1963 merger with historic Princess Anne County, is now known as the "World's Largest Resort City." The present city comprised of seven boroughs now ranks among the top ten in the nation area-wise. It extends from Cape Henry and the Chesapeake Bay on the north to the North Carolina line on the south, from the Atlantic Ocean west to the Norfolk and Chesapeake city limits. The city covers 312 square miles.

Behind its 28 mile ocean shoreline are 62,900 acres of rich farmland, nine beautiful residential areas, 50 upper-middle income housing complexes, five military installations, nine major shopping centers and 80 square miles of inland water.

Looking north to Cape Henry across Virginia Beach's oceanfront resort, where new construction is altering the skyline, 8 miles to the west the Mighty Chesapeake Bay Bridge Tunnel enters "The World's Largest Resort City."

With a population of 175,000, the city is as highly diversified in its income as it is in its character. Appropriately termed "A land of play, plenty, and pleasant living," it derives a $35,000,000 income from agriculture, around $43,000,000 from tourism . . . ever varying military and civil service payrolls run into the tens of millions, accounting for about fifty per cent of total payrolls in the city.

Even prior to the merger, growth in the resort city of Virginia Beach and in Princess Anne County was significantly pronounced. Today, it is noted as one of the fastest growing cities on the eastern seaboard.

The oceanfront resort area has undergone a vast transformation. Many luxury motels, particularly high rise, have changed the entire skyline. This year four new accommodations will swell the number of resort rooms to 5,478.

Two important attractions are expanding the pleasure attraction of Virginia Beach and extending the season:--- a new oceanfront marina with first class charter boats for sports fishing, and a self-guided tour which covers seven points of interest including two highly significant national historic landmarks.

Virginia Beach is gaining in popularity not only by its growth and modernization but by the reduced travel time from eastern metropolitan centers due to the Chesapeake Bay Bridge-Tunnel, Interstate 95, new expressways and jet plane service.

Contrasting change and progress on-the-move, in Virginia Beach there are historic landmarks that stand as silent reminders of the beginning and development of this historic coast line. On Cape Henry, a high granite cross, silhouetted against ocean and sky, marks the landing dunes of the first permanent English colonists. Nearby stands the oldest government built lighthouse (1791), which served mariners entering the Capes until 1881 when a new lighthouse was constructed.

As progress-proof as the cross and the lighthouse are 2,770 unspoiled acres of Seashore State Park. Also on Cape Henry, this state operated park has been acclaimed by botanists as a horticultural wonderland. Here meets the infinite variety of northern and southern horticulture, enthralling nature lovers with the contrast of cypress swamps draped with Spanish moss to cliff-like sand dunes studded with yucca.

Equally fascinating for natural beauty and bird lovers is Back Bay at the southern-most part of the new city. Its colorful marshes and broad expanses of fine bass waters are on the north-south flyway. Every year, the country's largest flock of greater snow geese winters along the 45 mile shoreline of Back Bay and Currituck Sound.

The Back Bay area, within 45 minutes of resort motels on low winter rates during hunting seasons, is known as a sportsman's paradise. During the winter months there is a diversity of hunting and fishing seasons including quail, ducks, geese, deer, bear, rock fish, speckled trout and tautog.

With a year 'round temperature average of 55 degrees, Virginia Beach enjoys an ideal climate with a decided definition of season. Floral beauty in the spring brings visitors and holidayers from many states to enjoy the profusion of azaleas, dogwood and other flowering shrubs and trees. In late summer, the crepe myrtle is equally prevalent throughout the city.

Back Bay, a sportsman's paradise!

Virginia Beach is a floral wonderland in the Spring.

Fall is a favorite with golfers, Canadians, "Senior Citizens" and those seeking a relaxing holiday at the seashore.

Water facilities for vacationers have been expanded also. Back of the oceanfront, a bay marina provides rental sailboats, outboards, and a historic yacht cruise on the picturesque bays. The sheltered waters of Linkhorn and Broad Bay are popular for water sports, fishing and sightseeing.

Diversity of recreation vies with attractions to supplement the enjoyment of sun, surf and sand. Five fine golf courses are located in the new city. There are also miniature golf courses, driving ranges, an amusement park, bowling places and two gay miniature trains that serve as oceanfront taxis and sightseeing vehicles on the boardwalk.

Jeep buggy rides along the starkly beautiful Virginia Outer Banks is a popular attraction.

Vacationing on the seashore of Virginia is most popular with families.

Fun and frolic in the surf at Virginia Beach.

Riding the waves is a favorite sport at Virginia Beach.

Biking on the Boardwalk is a favorite sport with Holidayers at Virginia Beach

During the Annual Lotus Blossom Festival thousands admire the yellow blossoms that stretch for miles in the waterways at Sandbridge.

Virginia Beach's Skyline has a new "Gold Coast" look

A popular stop for visitors and residents is at 25th Street and Oceanfront where stands a beautiful, nine-foot bronze statue, "The Norwegian Lady." The statue, a gift from Moss, Norway, was unveiled in September, 1962 and since that time has been admired by thousands.

NORWEGIAN LADY, the nine-foot bronze statue at 25th Street and the oceanfront, has been admired by thousands of visitors and residents.

Golfers enjoy a variety fare of fine golf courses.

Fisherman's Paradise—Virginia Beach excels in fresh and salt water fishing.

The Alan B. Shepard Convention Center, now called The Civic Center, serves the community as an auditorium, convention facility, recreational center and exhibit hall.

WHY A *Buyers' Guide?*

★ ***It is customary to include a Buyers' Guide in the City Directory because:***

It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

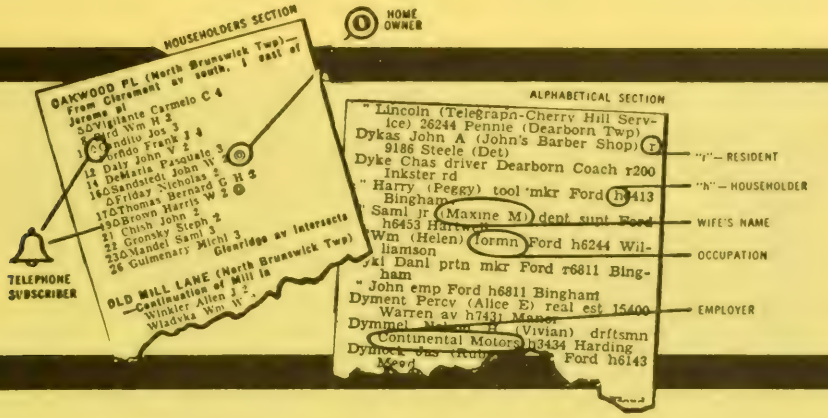
DIRECTORY SYMBOLS AND DESIGNATIONS



IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

CAUTION....

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.

Out of Sight! - Out of Mind! - Out of Business!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. ***Insist on being well represented in its pages.***

★

Do your employers furnish you with the latest edition of the City Directory?

★

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

MR. CITIZEN!

CORRECT INFORMATION IS VALUABLE TO YOU!

Cooperate with the City Directory enumerators to see that your name and those of your family are correctly listed in each edition. *Your name, listed correctly in the City Directory, is a great asset.* This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established . . . be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Out of Sight - Out of Mind
★ *Out of Business* ★

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

★

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*
